

The Worcester Greenstar CDi Classic system

Our Greenstar CDi Classic system boilers are high performance, high efficiency boilers that suit bigger homes with larger heating and hot water needs.

Why install a Greenstar CDi Classic system?

- Highest central heating output of the Worcester Greenstar system boiler range
- Our CDi Classic has set the heating industry benchmark for efficiency, helping to reduce energy usage
- Simple boiler temperature control with digital display
- Low energy pump reduces electrical usage
- Frost protection is included, reducing frost risk if installed in a garage or a loft
- Can be used with Greenskies solar panels for energy and cost savings

Accessories

10
YEAR
GUARANTEE

Up to 10 years guarantee on all Worcester gas boilers when fitted with a Greenstar System Filter.

Boiler dimensions

The Greenstar CDi range is the perfect size to fit between your wall-mounted kitchen cupboards.

Know your system

System boilers require a cylinder for storing hot water, however the major heating and hot water system components are built into the boiler itself, making it quicker and neater to install.
