

# The Worcester Greenstar i combi

The Greenstar i combi is the successor to the popular i Junior series, which represent 1 in 10 of all boilers installed in the UK. These wall-mounted boilers are ideal for apartments and small to medium sized homes with one bathroom.

## Why install a Greenstar i combi?

- Our most popular combi boiler
- Instantaneous hot water, always available
- Suitable for small to medium homes
- Fills a standard kitchen sink in 45 seconds
- Simple boiler controls with clear information display
- Wide choice of controls enables greater comfort and economy

## Control options

## Accessories

**10**  
YEAR  
GUARANTEE

Up to 10 years guarantee on all Worcester gas boilers when fitted with a Greenstar System Filter.

## Boiler dimensions

The Greenstar i range is the perfect size to fit between your wall-mounted kitchen cupboards.

## Know your system

Combination, or 'combi' boilers, heat water directly from the mains when you turn on a tap, so you won't need a hot water storage cylinder or a cold water storage tank.
